

Our Curriculum Themes

In EYFS at SPS we plan teaching and learning based around an umbrella theme. The main umbrella theme is then broken down into six smaller themes across the academic year. Each half term a smaller linking theme is used to allow for a coverage of skills to be taught and show progression across the year. The themes are used to enhance continuous provision and engage in wider curriculum opportunities such as hooks, visitors, local walks and/or external educational visits.

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Exploring My World!						
Nursery	This is how we do it: You Choose 	My Story 	My Imagination	My Creation	Our Investigations	Our Adventures
Exploring Life on Earth!						
Reception	My World 	My Community 	A Long, Long Way Away	A Long, Long Time Ago	Into the Wild	Out of this World

We also follow the children's interests when planning for each group of children and involve the children in choosing activities and resources. We believe that a combination of both will enable children to thrive when learning through play.
