

Creative Home Learning Ideas

Street Detectives Part 1 – Silsden

We are going to become street detectives this term! Children will be looking for clues about the past and the present to find out about changes that have taken place in our local area. Below are some ideas for your child to do at home to enhance their learning.

- Look in detail at the outside of your house and make a careful observational drawing.
- Do you know anyone who has lived in Silsden all their life? Interview them and ask them how Silsden has changed. Is Silsden better now or in the past? Write some sentences to share at school.
- Make a leaflet about Silsden. Include drawings and photographs. Write about why Silsden is a good place to live.
- With adult help, time your journey to school. Can you draw a map of your route to school from your house?
- Do you know how to write your address? Practise and write it neatly for the teacher to see.
- Go on a local walk with your family and look out for human features (e.g. shops) and physical features (e.g. stream) along the way.
- Make a model of an interesting building/feature in Silsden e.g. fire station/canal.

Have fun and please send a message on Class Dojo if you have any queries regarding the activities.

Thank you for your continued support.
