

Year 3 Learning Leaflet

Topic

Art and Design -

Geography - What are countries and counties?
Where are the greatest mountains and rivers in the UK

History - How have we changed the landscape of the UK? How do we celebrate who we are?

Computing — Understanding how computers work using input and outputs and how they are all connected to form a network.

The United Kingdom: Land of Legends

Welcome to Year 3! We can't wait to get immersed into our new topic: The United Kingdom! Somewhere that we already know lots about and now have time to deepen our knowledge and understanding

The children will be learning all about the regions that make up our country, its costumes, foods, traditions, languages and history. We'll be finding out about how we travel across it and how varied the landscape is. There's a lot to learn!

English

This half term we will be exploring a range of books that explore a different mythical creature in each of the four UK countries.

We will be writing descriptions of mythical creatures and imagining our own myths about how different landscapes have been formed.

In reading club we will be...

Maths

This term in Maths the children will learn about :

- Place Value up to 1000.
- Addition and subtraction using formal column methods.

RE

In RE this half term the children will be thinking about how ancient stories influence modern celebrations—especially those where light is significant.

Don't forget!

- Your child has a new reading record to keep up to date with at least three reads a week.
- Creative homework tasks, we would love to share these in class during show and tell throughout the half term until the topic showcase

Science

The children will be learning all about forces and magnets and investigating how we use them.

They will also be learning about light and light sources, shadows and reflected light.
