Personal Education Plan. (PEP)

All CLA must have a care plan; PEPs are an integral part of this care plan.

The PEP is an evolving record of what needs to happen for a pupil to enable them to make the expected progress and fulfil their potential.

The PEP will reflect the importance of a personalised approach to learning which meets the identified educational needs of the child.

The school with other professionals and the child's carers will use the PEP to support the child's educational needs, raise the child's aspirations and improve their life chances.

All relevant bodies, such as the LA, the designated teacher and carers, will involve the child in the PEP process at all stages.

The PEP will address the pupil's full range of education and development needs, including:

Access to nursery provision that is appropriate to the child's age.

On-going catch-up support, which will be made available for children who have fallen behind with work.

Suitable education provided by the LA, where the child is not in school because of suspension or exclusion.

Transitional support where needed, such as if a child is moving to a new school.

School attendance and behaviour support, where appropriate.

Support to help the child meet their aspirations, which includes:

Support to achieve expected levels of progress for the relevant national key stage and to complete an appropriate range of approved qualifications.

Out-of-school hours learning activities, study support and leisure interests.

- The VSH and the designated teacher will ensure that information is included within a CLA or previously-CLA's PEP surrounding how they are benefitting from any use of PP+ funding to improve their attainment.
- Any interventions supported by PP+ will be evidence-based and in the best interests of the pupil.

The VSH and the DT will ensure that information is included within a LAC's PEP surrounding how they are benefitting from any use of PP+ funding to improve their attainment. Any interventions supported by PP+ will be evidence-based and in the best interests of the pupil.

Working with agencies and the VSH

The school will ensure that copies of all relevant reports are forwarded to the CLA social workers, in addition to carers or residential social workers.

The school will coordinate their review meetings.

The school will work with other agencies to exchange information, such as changes in circumstances, exclusions or attendance issues, taking prompt action, where necessary, to safeguard CLA and post-CLA.

Behaviour management strategies will be agreed between the VSH and the school, to ensure challenging behaviour is managed in the most effective way for that individual child.

The designated teacher for CLA and post-CLA will communicate with the VSH and child's social worker to facilitate the completion of the PEP.

Through the designated teacher, the school will work with the VSH, social worker and other relevant agencies to monitor any arrangements in place so that actions and activities recorded in the child's PEP are implemented without delay.

The designated teacher will communicate with the VSH and agree on how pupil premium plus (PP+) can be used effectively to accommodate the child's educational attainment and progress.

PP+ for post-CLA will be allocated directly to, and managed by, the school.

The school will work with the VSH to manage allocation of PP+ for the benefit of our cohort of CLA, or post-CLA, and according to their needs.

If deemed necessary, the school will allocate an amount of funding to an individual to support their needs.

The designated teacher will ensure consistent and strong communication with the VSH regarding CLA who are absent without authorisation.

The school will share their expertise on what works in supporting the education of CLA and post-CLA.

6.Training

The designated teacher and other school staff involved in the education of CLA and post-CLA have received the appropriate training, this includes information about the following:

- School admissions arrangements

- SEND

- Attendance

- Exclusions

- Homework

- Managing and challenging behaviour

- Promoting positive educational and recreational activities

- Safeguarding

7. Safeguarding

The school recognises that many CLA or previously-CLA have experienced trauma, abuse or complex family circumstances that have led to them being placed in care, and will ensure that all staff are aware that experiences of adversity such as these can leave pupils vulnerable to further harm or exploitation.

All staff will be trained to recognise signs and indicators of safeguarding concerns and will ensure that extra vigilance is practiced in observing and identifying these indicators amongst CLA and previously-CLA as soon as possible.

Where a CLA or previously-CLA has a social worker, this will inform decisions about safeguarding, e.g. responding to absence from education where being absent from education may increase known safeguarding risks within the family or in the community.

The headteacher will implement appropriate pastoral support services in place throughout the school to ensure that the welfare of CLA and previously-CLA

can be adequately protected to the extent that reflects their increased vulnerability.

Staff will be encouraged to report to the DSL any concerns they have over CLA or previously-CLA in line with the processes outlined in the Child Protection and Safeguarding Policy.

Staff will be regularly encouraged to look for signs of bullying and report to the designated teacher if they believe a CLA or previously-CLA is being bullied, as this can have a particularly negative impact on pupils who have early experiences of rejection or abandonment.

[New] When there is reasonable cause to suspect that a CLA or Post CLA is suffering or is likely to suffer significant harm, the school will collaborate in the multi-agency strategy discussion where appropriate to determine the pupil's welfare and plan rapid further action as necessary. The school's representative at any strategy discussion meetings will be sufficiently senior, skilled and experienced, and authorised to make decisions on the school's behalf. Information and analysis about the pupil and their family will be provided as required.

8. Pupil mental health

CLA and post-CLA are more likely to experience the challenge of social, emotional and mental health issues which can impact their behaviour and education. Designated teachers will have awareness, training and skills regarding a child's needs and how to support them in relation to behaviour management and mental health.

The designated teacher will work with the VSH to ensure the school is able to identify signs of potential mental health issues, understand the impact issues can have on CLA and post-CLA, and knows how to access further assessment and support, where necessary.

The school understands that the increased frequency of mental health problems amongst CLA and previously-CLA may present a barrier to adequately identifying when mental health problems are indicative of a safeguarding concern. For this reason, the designated teacher will ensure that they, and all staff who maintain regular contact with CLA or previously-CLA are vigilant surrounding any changes in the mental health, behaviour, social inclination or mood of these pupils.

A strengths and difficulties questionnaire will be used on a termly basis to help social workers and other relevant professionals to form a view about CLA and post-CLA's current emotional wellbeing. Teachers will complete their element of the questionnaire to assist social workers in their assessment.

9. Suspension and exclusion

Past experiences of CLA and post-CLA will be considered when designing and implementing the school's Behaviour Policy and Suspension and Exclusion Policy.

The school will have regard to the DfE's statutory guidance 'Suspension and permanent exclusion from maintained schools, academies and pupil referral units in England, including pupil movement' and recognises that suspending or excluding CLA can make them more vulnerable to harm due to not having the protection and opportunities school provides. The headteacher will balance this recognition alongside the need to ensure calm and safe environments for all staff and pupils, devising strategies that take both into consideration.

Where the school has concerns about an CLA's behaviour, the VSH will be informed at the earliest opportunity.

As far as possible, the school will engage proactively with the social worker or carer of a CLA to provide appropriate support for underlying issues that may be causing poor behaviour and improving this behaviour.

As part of the termly review of a CLS's PEP, any concerns about their behaviour will be recorded, alongside information on how they are being supported to improve this and reduce the likelihood of exclusion.

Where the school has concerns about the behaviour of a PLAC which could result in them being excluded, the child's parents or DT may seek the advice of the VSH on strategies to support the child to avoid exclusion.

As part of the termly review of a pupil's PEP, any concerns about their behaviour will be recorded, alongside information on how they are being supported to improve this and reduce the likelihood of exclusion.

Suspension or permanent exclusion will only be used as a last resort, after the school and VSH have considered what additional support can be provided to prevent exclusion, and any additional arrangements to support the pupil's education in the event of exclusion.

Where a CLA is at risk of being suspended or permanently excluded, the school will engage with the designated teacher and the pupil's parents, or other individuals involved in the pupil's care. The designated teacher will contact the VSH as soon as possible to work together, and with other relevant

individuals, to consider what additional assessment and support needs to be put in place to help the school address the factors affecting the pupil's behaviour and reduce the need for suspension or permanent exclusion.

The school will inform parents that they can seek the advice of the VSH on strategies to support their child to avoid exclusion.

Where a looked-after child is excluded, the school will document the provision of immediate suitable education in the pupil's PEP.

10. Pupils with SEND

In cases where pupils have an EHCP, the DT will work with the VSH to ensure that their EHCP works in harmony with their care plan and PEP to tell a coherent and comprehensive story of how the pupil's needs are being met.

Support for LAC with SEND, who do not need an EHC plan, will be covered as part of the child's PEP and care plan reviews.

Support for CLA with SEND, who do not need an EHC plan, will be covered as part of the child's PEP and care plan reviews.

The SENCO, class teacher, designated teacher and specialists will involve parents when considering interventions to support their child's progress.

If appropriate, the VSH will be invited to comment on proposed SEND provision for post-CLA.

The designated teacher and the SENCO will ensure that CLA and previously-CLA with SEND are supported in line with the SEND Policy, with extra consideration given to the fact that some of the usual procedures for supporting pupils with SEND may lack applicability for CLA, e.g. where CLA are in residential care and, thus, will have their EHC plans taken care of by the LA rather than the general stipulation of the place where they are ordinarily resident.

11. Information sharing

The school recognises the importance of proactive information sharing between professionals and local agencies in order to effectively meet pupils' needs.

Staff will be made aware that whilst the UK GDPR and the Data Protection Act 2018 place a duty on schools to process personal information fairly and lawfully, they also allow for information to be stored and shared for safeguarding purposes, as data protection regulations do not act as a barrier to sharing information where failure to do so would result in the pupil being placed at risk of harm.

If staff members are in doubt about sharing information and data protection legislation, they will be encouraged to speak to the DSL.

Appropriate and specific arrangements for sharing reliable data are in place to ensure that the education needs of CLA and post-CLA are understood and met.

The arrangements set out include:

Who has access to information on CLA and post CLA and how data will remain secure.

How pupils and parents are informed of, and allowed to challenge, information that is kept about them.

How carers contribute to and receive information.

Mechanisms for sharing information between the school and relevant LA departments.

How relevant information about individual pupils is passed between authorities, departments and the school when pupils move.

School staff will be proactive in sharing information as early as possible to help identify, assess, and respond to risks or concerns about the safety and welfare of pupils. This will include sharing information about any adults with whom a pupil has contact, which may impact the pupil's safety or welfare, where necessary.

Staff members will ensure that fear of sharing information does not stand in the way of their responsibility to promote the welfare and safety of LAC and PLAC. If staff members are in doubt about sharing information and data protection legislation, they will speak to the DSL.

The school will aim to be as transparent as possible by telling families what information they are sharing and with whom, provided that it is safe to do so.

12. Monitoring and review

This policy will be reviewed on an annual basis by the designated teacher and the headteacher.

The next scheduled review date for this policy is Nov 2026.
